

PSFTC: A Year in Review

Here's what we've been up to.
Visit www.psftc.org to learn more.

15

creative ideas were brought to life

in each public school corporation in the county-LSC, NCS, TSC and WLCSC.

5199

students participated in projects

funded with grants from the Public Schools Foundation of Tippecanoe County.

"Even my most challenging students would perk up and pay attention during our song lessons. It was especially gratifying when parents would share stories about their child singing the tunes at home and teaching their siblings. I'm so thankful to have received this grant. I can't think of a more fun and rewarding way to teach these skills!"

*~ Ms. Lenhardt, Wea Ridge Elementary
"Wee" Sing, "Wee" Dance, "Wee" Learn*

\$24,785 was awarded to provide innovative educational experiences.

"I submitted my experiences with this grant as a proposed chapter to the Einstein Fellows "Best Practices in STEM Education" revised book. I just found out that my chapter was accepted for the book; thus, the project will be disseminated nationally and internationally.
